

Award

BETTER STANDS GOLD – Recognized for sustainability. And we're proud to be part of it.

At Network X 2025, we were awarded **GOLD** the Better Stands Program – for the exhibition stand we created for **Skyworks Solutions, Inc.**

The goal: less waste, more reuse, greater responsibility.

Our result: a top rating for sustainable, safe, and reusable stand construction. A strong proof that responsibility and great design go hand in hand.

Reusable systems can reduce waste by up to 80% – and that's exactly the path we've been consistently following for years. The Better Stands approach evaluates ten key elements of stand construction and only recognizes those that meet the highest standards across the board. Gold is the highest level – and awarded to only a select few.

We're incredibly proud of this recognition and thank the Network X team for their transparent evaluation and their strong commitment to a more sustainable exhibition industry.

We keep moving forward: lighter, cleaner, more sustainable. **Grigat und Neu – International Exhibition Construction.**
